

Red Clay Education Foundation
Investing in our children's future

EIN: 20-345322

Dear Community, Red Clay Families, and Supporters,

The holiday season is quickly approaching! It is an exciting and busy time for all of us. As you make your plans with family and friends, I ask that you **SAVE THE DATE- November 28** to honor #GivingTuesday.

What is #GivingTuesday? It is a day set aside similar to Cyber Monday and Black Friday, however, it is not about purchasing presents, it is a global day dedicated to giving back to your community by making a monetary donation to the Red Clay Education Foundation.

I am asking for your support of the Red Clay Education Foundation this #GivingTuesday. The Red Clay Education Foundation supports our students and schools by supplementing programs such as Dr.D's Book Club, Water Wise Program, STEM Enrichment programs, College Scholarships, and travel for Odyssey of the Mind, just to name a few. Please visit the Red Clay website for more information. The Foundation promotes the importance of literacy, STEM and arts in education and is there to make a significant impact on behalf of our students in Red Clay.

On November 28, please visit <http://bit.ly/RCEFGiving> to make a donation. Then spread the word with families in your community about why you give to the RCEF. I would bet your reasons are similar to mine- we all know that not every student has the same opportunities and advantages as others.

Please make your donation to ensure every child has the chance to thrive and participant in our programs.

Join me in being #redclayproud by marking your calendars and making the gift of giving on #GivingTuesday.

Let's work together to support the Red Education Foundation. Strong schools build strong communities.

Best Regards,

Mervin B. Daugherty
