

## RED CLAY CONSOLIDATED SCHOOL DISTRICT

# Strategic Plan Support Application SY 2020-2021

Schools and departments are encouraged to explore strategies and programs that align to the district's 5 Strategic Plan goals for 2020-21. Funding is provided through the Extra Time Match Tax and should focus on activities related to "providing extra instructional time for low achieving students in order that they may improve their academic performance." Funding proposals may be submitted for programmatic initiatives that support new or existing programs directly related to the Strategic Plan.

Funds are limited and projects will be reviewed based on their overall cost, quality, need and relevance to the Strategic Plan. Funding requests can vary and a dollar maximum is not specified; however, it should be recognized funding is limited.

It is also important to note funding requests are annual and not automatically renewed in subsequent years. If funds are needed next year, a new application must be completed. *Please note: Projects should not include a request for a long-term sub position. If instructional time is required, it should be budgeted on an hourly basis of the current EPER rate of \$28/hr plus an OEC rate of 32.32% (**\$37.05**/hour charged to the grant) for FY21. Non-instructional programs will use the club stipend rate depending on # of days/weeks for the program. Programs may also contract with a vendor for the provisions of services with negotiated rates. **Rates currently based on FY20 until FY21 rates available.***

Proposals will be accepted and reviewed monthly Superintendent's Cabinet meetings until funding is exhausted. The first reviews will be August 2020. A final report will be due upon completion of the project.
