

Safety and Security

Operations
Policy
5012

Policy Statement

- The Board recognizes the importance of safety and security and the compliance with all state and federal regulations in that regard.
- The Superintendent shall prepare rules and procedures governing school safety.
- All personnel shall comply with safety rules and standards as shall community users of school facilities.
- The Superintendent shall direct the development of emergency plans for all schools and buildings which shall be shared with all staff.
- School buildings, playgrounds, and athletic areas shall be inspected regularly to ensure safe conditions.
- Students shall be supervised at all times during school hours and while attending authorized activities.
- The Superintendent is authorized to close schools or alter school schedules when extreme weather or other hazardous conditions present a threat to the safety and welfare of students or staff.
- The District will have a Comprehensive District Wide School Safety Committee.

Playground Safety

- Each school shall follow procedures for periodic inspection of playgrounds and equipment.
- The principal shall form an advisory committee to assist in implementing and monitoring policy concerning playground safety.
- Each principal shall develop written safety guidelines and shall include them in the Teachers' Handbook.
- Playground safety information shall be given to students, staff, parents, and community members; and training shall be provided for students and staff.
- Students using the playground during school hours shall be under the supervision of an appropriate staff member.

First Aid

- A school nurse or, in his/her absence, an appropriate staff member shall be responsible for providing emergency services in case of injury or illness of a student or staff member.

	<ul style="list-style-type: none"> ● First aid shall be administered. ● Efforts shall be made to make contact with the parent and/or physician. ● No student who is ill or injured shall be sent home alone or taken home unless someone is there to receive him/her. ● In extreme emergencies, the school nurse, principal, or designee may make arrangements for immediate hospitalization of injured or ill students, notifying the parent or guardian in advance when possible. ● The teacher or other staff member supervising a student at the time an accident occurs shall fill out a form providing details of the accident. ● The attending nurse shall fill out medical forms required by the state. ● Serious accidents to students shall be reported as soon as possible to the Superintendent. <p><u>Emergency Plans</u></p> <ul style="list-style-type: none"> ● The Superintendent shall develop and maintain plans that meet the requirements of state and federal law for preparedness in case of fire, civil emergencies, crimes, and natural disasters. ● Building principals shall meet statutory requirements for conducting fire and other safety drills. ● The District and Building Principals will ensure current plans are on Navigate 360. <p><u>Security/Access to Buildings</u></p> <p>School administrators shall take steps to secure buildings and grounds against trespass and shall employ such legal measures as may be appropriate to enforce against trespassing.</p>	
Responsibility	The Superintendent shall be responsible for compliance.
