

Data Management

Operations
Policy
5005

Policy Statement

The Superintendent shall implement a comprehensive data management system for the District. The system shall provide data for

- State and Federal reporting requirements
- Comprehensive short and long range planning
- Evaluation of programs and systems
- Public communications regarding the status of schools and the District

Dissemination of data shall be systematic, regular, and timely.

The system shall have safeguards to protect the accuracy and integrity of the data.

Responsibility

The Superintendent shall be responsible for compliance.
