DEFINITIONS

Every parent, guardian, or other person having control of a child between the ages of 5 and 16 is required to send such child to school. School attendance is mandated by statute and by-laws and regulations of the State Board of Education. A written note from an appropriate individual, such as a student's parent or physician, must verify all absences.

The chief school officer of the local school district is responsible for enforcing the attendance laws of the state and is the person who may excuse a child for necessary and legal absence, subject to the provisions of the Delaware Code (Title 14, Chapter 27). Excuses recognized as valid for "necessary and legal absences" are:

1. Illness or pregnancy of student, if necessary attested by a physician's certificate. *Title 9 Education Act of 1972
2. Contagious disease within the home of a pupil.
3. Critical illness and/or death in the family or of a friend.
4. Legal business.
5. Observance of a religious holiday.
6. Remedial health treatment.
7. Pre-arranged absence to visit a college or university or to participate in other educational experiences, including emergency situations as determined by the school principal.
8. Suspension or expulsion from school or class.

The school, in administering the state policy, defines the most commonly used attendance terms as follows:

EXCUSED ABSENCE

An excused absence from school or class is an absence for one of the reasons listed above and for which the required parental note of explanation has been presented on the first or second day of the student's return to school or class. Any absence documented on the letterhead of a doctor, court, counselor and/or any other professional is to be excused upon submission. If professional documentation to excuse an absence is not provided on the first or second day, the provision of make-up work will be at the discretion of the school administration. Following such an absence the student will be allowed to make up all work missed, to take tests that were missed, and to submit any assignments that became due during the absence. Following an "excused" absence from school or class, the time allowance for taking tests or turning in assignments shall be equal to the number of school days or number of class meetings missed due to the absence. A teacher will support a student following absences and may extend the time allowance for making up work missed should circumstances warrant. The responsibility for initiating makeup work and turning in assignments rests with the student.

UNEXCUSED ABSENCE

An unexcused absence from school or class is an absence:

1. which is for a reason not listed as “excused,” or
2. about which the parent has no knowledge, or
3. for which the parent note of explanation was not provided on the student’s first or second day of return to school following the absence.

A student whose absence was unexcused shall receive a failing grade (i.e., zero- Consistent with current grading practice, “F”, “U”) for all assignments missed or tests given during the period of the unexcused absence.

While an unexcused absence shall result in a failing grade for all assignments due or tests missed, other instructional materials or assignments missed during the absence may, where feasible, be obtained at the initiation of the student. Following an unexcused absence from school or class, the time allowance for requesting the instructional materials or assignments from the teacher shall be equal to the number of school days or number of class meetings missed due to the absence. A teacher may extend this time allowance if the specific circumstances of the situation merit such action.

PRE-ARRANGED ABSENCE

A pre-arranged absence is a student’s absence from school for one or more days to visit a college or university or for other educational activities approved by the principal. The absence should be pre-arranged by writing the principal, giving the full particulars of the absence. Approval for such absences should be sought, where practical, at least one (1) week prior to the date on which the absence is to occur. Upon the development of a plan by student and teacher for making up the assignments to be missed, the principal may then define the absence as “excused.”

LATENESS TO CLASS

All students must follow building guidelines.

TARDINESS TO SCHOOL

All students must follow building guidelines. All students are expected to be punctual to school. Students who arrive at their first assignment (usually homeroom period) after the start of school are tardy. A student who is late to school should present a written explanation for the tardiness. Students who do not attend at least half of the periods on a given day will be marked absent for the day. Students absent from school may not participate in after school activities.

Students should recognize that a written explanation from home does not automatically cause the tardy to be “excused.” While understandable, reasons such as car trouble, personal business, heavy traffic, or need at home are not acceptable excuses and will be listed as unexcused.

Reasons such as personal illness, medical appointments, and appearances in court will be considered as excused tardiness when verified by a note from a parent/guardian. All notes must include a parent/guardian signature and a working contact number.

TRUANT

A child is considered truant if such child is absent from school without a valid excuse for more than three (3) days or an unreasonable amount of intermittent attendance or tardiness without valid reason. Parents who

allow their children to be truant are subject to a fine of up to \$300 and/or imprisonment for up to ten (10) days for the first offense; a fine of up to \$500 and/or imprisonment for up to twenty (20) days for the second offense; and a fine of up to \$1,150 and/or imprisonment for up to thirty (30) days for each subsequent offense.

ADULT STUDENT

State law provides that a student reaches legal majority at age 18, however, attendance notes, and other matters pertaining to school activities, must be signed by a parent unless the student is living on his/her own. Proof of residence must be provided.

EARLY DISMISSALS AT PARENTAL REQUEST

When a student presents a note from his/her parent/guardian requesting that the student be granted an early dismissal, school authorities must contact the parent/guardian to verify that the request is legitimate. If the parent/guardian cannot be contacted and verification obtained, then the request for early dismissal will be denied. In-person parental requests may be granted.

EMERGENCY DISMISSALS

Students, who must leave the building due to an emergency or some other reason that did not permit a pre-arranged absence, must receive approval from the principal or his/her designee. Parent contact should be made if possible. The student is then responsible for completing the sign-out procedure before leaving the building and must present the required parental note of explanation upon his/her return to school.

HOMEBOUND/SUPPORTIVE SERVICES

A student who is unable to attend school due to a temporary physical or emotional handicap is eligible for Supportive Instruction. Applications for these services must be processed through the student's school of attendance and approved by the Director of Special Services. In all cases the requests must be substantiated by a physician's statement. (For example, a psychiatrist must substantiate an emotional handicap causing an absence.) Supportive services are short term, but long term services substantiated by renewed physician statements are permitted. Application forms are available in each school building.

Each School shall develop and distribute to each student the procedures that shall be used in implementing this attendance policy.

CHAPTER IV. SAFEGUARDS THAT PROTECT THE RIGHTS OF STUDENTS AND PARENTS

Students and their parents as their representatives, have all the rights given to every citizen by the Fifth and Fourteenth Amendments to the U.S. Constitution. Many of these rights, which pertain specifically to education, are defined in this document. These rights are protected through a procedure called due process. This chapter defines the due process procedures for student grievance, suspension, denial of bus privileges, assignment to alternative programs/schools, and expulsion.

Students and their parents are encouraged to become familiar with these due process procedures.

STUDENT GRIEVANCE

A grievance is another name for a complaint. A student grievance exists when it is alleged that a student has been unfairly treated or has not been afforded due process. A student grievance must be filed within ten (10) school days from the time of the alleged infraction.

The following persons or groups of persons may use the grievance procedures:

1. Students or groups of students
2. Parents or guardians of a student
3. Groups of parents or guardians of students

The grievance procedures may be used in any of the following situations:

1. Where it is alleged that any student or group of students:
 - a. are being denied access to an appropriate educational opportunity;
 - b. are being denied participation in any school activity for which the student is eligible;
 - c. are being denied the opportunity to compete for a position in an activity where the selection is limited;
 - d. are being subjected to an arbitrary or unreasonable regulation, procedure, or standard of conduct.
2. Where it is alleged that the rights of an individual student and/or group of students are being denied or abridged.

GRIEVANCE PROCEDURE

When the grievance procedure is used, these steps shall be followed:

1. The grievant shall request a conference with the teacher or person(s) who allegedly treated the student unfairly. If requested, an administrator or district director may be present.
2. If the conference fails to resolve the issue within ten (10) school days from the date of the alleged incident, the grievant shall file a written grievance with the principal or the designated assistant principal.
3. A grievant wishing to appeal the principal's written decision must file a written appeal with the appropriate district-level administrator no later than five (5) school days from the date of the receipt of the principal's written decision.
4. The appropriate district-level administrator shall schedule a conference to hear the grievance no

later than five (5) school days following receipt of the notice of appeal and shall issue a decision, in writing, no later than five (5) school days following the grievance conference.

5. If the grievance decision at the appropriate district administrator's level is not acceptable, the appropriate district-level administrator's decision may be appealed to the Superintendent of Schools or the Superintendent's Designee, such appeal to be filed, in writing, not later than ten (10) school days following the date of receipt of the appropriate district-level administrator's written decision. The Superintendent of Schools shall resolve the grievance by investigating the problem, holding conferences with the involved parties, or reviewing the written grievance record.
6. The decision of the Superintendent of Schools or the Superintendent's Designee, shall be the final decision of the school system. The Superintendent or the Superintendent's Designee shall send a copy of the Superintendent's final decision to all involved parties not later than ten (10) school days following receipt of the appeal.

If one of the harassment complaint officials is the person alleged to be engaged in the harassment, or if the student or school employee is uncomfortable for any reason with discussing such matters with the individuals designated, or is not satisfied after bringing the matter to the attention of one or more of those individuals, the student or employee may bypass these individuals and instead should report the matter promptly to Dr. Hugh Broomall, Deputy Superintendent, RCCSD, 1502 Spruce Avenue, Wilmington, DE 19805, 302.552.3706, or another high-level official specifically trained in handling such complaints at district level. Furthermore, retaliation in any form against an employee or student who exercises his or her right to make a complaint under this policy, or who cooperates in the investigation of any such complaint, is strictly prohibited, and will itself be cause for appropriate disciplinary action.

Any questions regarding this policy should be addressed to the designated harassment complaint officials.

SUSPENSION FROM SCHOOL

Suspension is the temporary removal of a student from school and/or activities for a period not to exceed five (5) school days. (Exception: Refer to Drug/Alcohol Policy.) The Superintendent or designee may extend the suspension past the five (5) day period.

1. be given oral or written notice of the charges and be told who is making these charges or complaints;
2. be given a fair and impartial hearing and have the opportunity to present the student's side of the story;
3. have had prior opportunity to know that the alleged actions were in violation of established rules and regulations;
4. be advised that the suspension may be appealed to the next administrative level.

Generally, the notice and hearing (which the parents should attend, if possible) should precede the student's removal from school. However, if this is not feasible, or if the immediate removal of the student from school is necessary to protect the safety of individuals, property, and/or the educational process, the necessary notice and hearing, if requested, will follow as soon as practicable.

In all cases of suspension, an attempt shall be made to notify the parents by telephone to request that the student be picked up from school. Students whose parents cannot be reached by telephone will be retained at school until the end of the school day. In all cases of In-school suspension an attempt will be made to contact the parent.

When a student is suspended, written notification of the suspension shall be sent to the parent(s) within 24 hours. The notification shall state the cause and duration of the suspension. A school administrator with the first suspension, and all subsequent suspensions, requires a re-admission conference. Every attempt will be made to schedule a conference at a mutually agreeable time and place. The responsibility for initiating make-up work and turning in assignments rests with the student.

A “student with a disability” refers to a student eligible for special education or related services under the Individuals with Disabilities Act (IDEA) or a “handicapped student” as defined by Section 504 of the Rehabilitation Act of 1973. If a student’s parent or guardian has requested that he/she be evaluated for eligibility, and the evaluation has not yet been performed, consult the RCCSD Office of Student Services regarding any proposed discipline.

School Level

1. When a student allegedly commits a violation of the Student Code of Conduct that may, in the school administration’s judgment, result in a recommendation for Due Process to Determine Appropriate Disciplinary Action, the school’s principal shall cause an investigation to be made of the incident. If, after reviewing the findings of the investigation, the principal determines that the nature and seriousness of the offense may warrant initiation of Due Process to Determine Appropriate Disciplinary Action, the principal shall suspend the student for a period of ten (10) school days. The principal or his/her designee shall hold conference with the student and the student’s parent(s)/guardian(s), in order to inform them whether the principal is recommending initiation of Due Process to Determine Appropriate Disciplinary Action, and to explain the reasons for the recommendation.

If the principal decides that disciplinary action in the form of a recommendation for expulsion will be made, he/she will submit a written recommendation for process to determine appropriate disciplinary action with a report containing all relative and supporting data for the recommendation, to the appropriate district-level administrator within two (2) business days following the date of the principal’s conference or seven (7) business days of the incident, whichever is sooner. The student will be excluded from school until appropriate disciplinary action has been determined.

4.2.1 A student whose presence in the School Environment poses a threat to the health, safety, or welfare to persons or property within the School Environment, as determined by the Principal, may be immediately removed from school provided that, as soon as practicable thereafter, the initial due process procedures outlined in subsection 4.1 of this regulation are followed.

4.3 In addition to the initial due process rights, a student who is recommended for Alternative Placement or Expulsion shall receive applicable additional due process rights as outlined in Sections 7.0, 10.0, and 11.0 of this regulation.

Title 14 Education, Delaware Administrative Code, 600, Discipline and School Climate, 614 Uniform Definitions for Student Conduct Which May Result in Alternative Placement or Expulsion is available at <http://regulations.delaware.gov/AdminCode>.

District Level

1. After receipt of the principal's recommendation for Due Process to Determine Appropriate Disciplinary Action, the appropriate district-level administrator will forward the recommendation to the Superintendent.
2. Within ten (10) business days of the date of the incident, the parent(s)/guardian(s) will receive written notice by regular mail U.S. and certified mail of the circumstances which led to the recommendation for the district-level hearing, date, time, and location for a formal hearing on the principal's recommendation to conduct a hearing to Determine Appropriate Disciplinary Action. The hearing will be held not less than seven (7) business days and no more than twenty (20) business days after the notice is sent to the student's address of record.
3. The Superintendent or his/her designee will conduct a hearing at which the student, parent(s)/guardian(s), and the Red Clay Consolidated School District will have the following rights:
 - a. The right to be represented by counsel.
 - b. The right to be presented with names of witnesses against the student, and copies of affidavits of those witnesses.
 - c. The right to cross-examination or questioning of witnesses. The Red Clay Consolidated School District shall receive written parent permission for any witness who is a minor.
 - d. The right of the parties, including the student, to testify and produce witnesses and documents.
 - e. The right to a copy of a record of the hearing, which shall be kept either by a court stenographer or by tape recording, upon request and at his or her own expense.
4. The Superintendent or his/her designee shall consult with the appropriate District-Level administrator and the recommending principal, and review the hearing record, the principal's investigation, and all other relevant evidence.
5. Within five (5) business days following the conclusion of the hearing, The Superintendent or his/her designee shall prepare a written report (the "Report") for review by the Red Clay Consolidated School District Board of Education. The Report shall: (1) recommend an appropriate disciplinary measure, which may include expulsion; and (2) summarize the evidence and the findings of fact that support the Superintendent's recommendation.
6. The Superintendent or his designee shall provide the student and his/her parent(s)/guardian(s) with written notice of the recommendation, and shall inform them of the date, time, and place at which the Red Clay Consolidated School District Board of Education will vote on the

Superintendent's recommendation.

Board Level

1. The Red Clay Consolidated School District Board of Education shall determine whether to approve, modify, or reject the recommendation of expulsion or other discipline, and the Superintendent shall provide written notice of the Red Clay Consolidated School District Board of Education's decision to the student and his/her parent(s)/guardian(s). Expulsions will begin on the date of the incident initiating the referral.
2. Pursuant to Delaware Law, a student has the right to appeal the Red Clay Consolidated School District Board of Education's expulsion or other disciplinary decision by filing an appeal with the Delaware State Board of Education within 30 days of the student's receipt of the Red Clay Consolidated School District Board of Education's decision.

APPROPRIATE DISCIPLINARY ACTION FOR STUDENTS WITH DISABILITIES

A "student with a disability" refers to a student eligible for special education or related services under the Individuals with Disabilities Act (IDEA) or a "handicapped student" as defined by Section 504 of the Rehabilitation Act of 1973. If a student's parent or guardian has requested that he/she be evaluated for eligibility, and the evaluation has not yet been performed, consult the RCCSD Office of Student Services regarding any proposed discipline.

"Special education team" refers to an Individual Educational Program (IEP) team for students eligible under the IDEA, which includes the student's parent/guardian and a multi-disciplinary team for students eligible under Section 504 and not eligible under the IDEA.

1. For disciplinary reasons, a principal may suspend a student with a disability without services for up to ten (10) school days, in accordance with guidelines for disciplining students without disabilities.
2. A principal may also change the student's placement to an alternative setting selected by the student's school-level IEP team for up to 45 days if:
 - a. The student carries a weapon to school or to a school function; or
 - b. The student knowingly possesses or uses illegal drugs, or sells or solicits the sale of controlled substances while at school or a school function.
3. A school may seek the determination of an impartial hearing officer that a student with a disability should be removed from the student's regular school. A hearing officer may order that the student be placed at an alternative school/program for up to 45 school days if the officer determines that maintaining the student at his/her current school is substantially likely to result in injury to the student or to others.
4. If the district contemplates expulsion, alternative placement (with or without expulsion), or suspension (inside or out of school) of a student with a disability in excess of ten (10) school days cumulatively in one school year, a special education team meeting at the school level will be convened to discuss the student's discipline. The meeting may be held up to ten (10) days after the removal of a student from school under paragraphs A or B above.
5. The school-level special education (IEP) team will determine whether the alleged conduct was a manifestation of the student's disability. If the special education team determines that the misconduct was not a manifestation of the student's disability, the student may be disciplined according to the Student Code of Conduct, except that a student with a disability as defined by I.D.E.A. may not be denied a free appropriate public education. If the special education team

determines that the misconduct was a manifestation of the student's disability, the student may only be disciplined in accord with the requirements of I.D.E.A. or Section 504 of the Rehabilitation Act of 1973, whichever is applicable.

6. A parent/guardian who disagrees with the school-level special education team's determination or the principal's disciplinary decision may request a District-Level meeting to review the decision. A parent may also be entitled to a due process hearing to appeal the district's decision. If the student has been placed in an alternative school/program, the student will remain in the alternative placement until the due process hearing officer renders a decision or for 45 school days, whichever occurs first, unless the Red Clay Consolidated School District and parent(s)/guardian(s) agree otherwise.
7. A student identified as disabled under Section 504 of the Rehabilitation Act of 1973 and who is currently engaging in the illegal use of drugs or use of alcohol, may be disciplined with regard to their use or possession to the same extent that students without disabilities are disciplined.
8. Nothing stated herein shall preclude a school-level special education team from placing a student with a disability, determined to have brought a firearm to school, in an interim alternative educational setting in accordance with State and Federal law.

PLACEMENT IN ALTERNATIVE SCHOOLS/PROGRAMS

Placement in alternative schools/programs is the removal of a student from his or her regular school/program and placement in an alternative school/program to address the student's behavioral, motivational, or disciplinary needs. Alternative programs may be located at the student's regular school or at another school site.

1. Placement in an alternative school/program to address behavioral, motivational, or disciplinary problems will be implemented after the behavior management interventions that can be implemented in the regular school program are attempted. If the regular school's principal determines that such intervention measures are unsuccessful, placement in an alternative school/program may be recommended. Prior to referring to the Alternative Placement Committee, the regular school principal will meet with the student and his/her parent (s)/guardian(s) to inform them of the following: 1) of the referral for Alternative Placement; 2) that the student may be suspended pending the outcome of the Alternative Placement Team Meeting and; 3) of the procedures that will take place as follow-up to the referral for Alternative Placement. The Principal shall have a least one other person present to take notes during the conference or shall have the conference audio recorded.
2. An Alternative Placement Meeting shall take place to determine if an alternative setting is appropriate for a referred student. The Parent and student shall receive verbal and written notification of the Alternative Placement Meeting. The parent and student may, but are not required to, attend the meeting.
3. Placement in an alternative school/program may result from a student's violation of the Student Code of Conduct. Placement at an alternative school/program may occur after the student has been expelled from his/her regular school program, or it may occur in lieu of expulsion or another disciplinary measure, depending on the particular violation of the Student Code of Conduct and the circumstances involved in the violation.
4. At or following the conference, the student and the student's parent(s)/guardian(s) shall be given written notice of:
 - a. the decision to place the student in an alternative school/program;

- b. the circumstances which led to the placement;
 - c. how the alternative school/program is designed to meet the student's particular needs; and
 - d. the conditions that must be met in order for the student to return to the regular school program.
5. The student and the student's parent(s)/guardian(s) shall be advised that placement in the alternative school/program does not require parental approval, and shall be informed that the placement decision may be appealed pursuant to the Student Grievance Procedure set forth in the Student Code of Conduct.
6. A Principal may refer a student for Alternative Placement in conjunction with an Attorney General's Report or court disposition that indicates that the student has been charged with a Violent Felony and/or is a threat to the health, safety, and welfare of others within the School Environment. Students ineligible as a result of an offense listed in 14 DE Admin Code 611 shall not be referred to a Consortium Discipline Alternative Program (e.g., assault in the first degree, arson in the first degree, rape, trafficking drugs).

7.0 Assignment to an Alternative Program

7.1 Procedures for Student Referral

7.1.1 Criteria for student referral to an Alternative Placement

7.1.1.1 A Principal may refer a student for Alternative Placement for any severe disciplinary violation for which Alternative Placement may be a consequence as specified in the district/charter school Student Code of Conduct and the student's behavior is within the defined conduct under **14 DE Admin. Code 614**.

Students ineligible as a result of an offense listed in **14 DE Admin Code 611** shall not be referred to a Consortium Discipline Alternative Program.

7.1.1.4 A Principal may refer a student for Alternative Placement in conjunction with chronic disruptive behaviors which result in Repeated Violations of the Student Code of Conduct after all school-based best practice interventions have been put into place for said student. This may include, but is not limited to, counseling services, the development and implementation of a behavior support or modification plan, mentoring, referral to mediation, and participation in an available In-School Alternative Program.

7.1.1.5 Referral to a state funded Consortium Discipline Alternative Program must also meet the criteria set forth in **14 DE Admin. Code 611**.

7.1.1.5.1 A referral of a charter school student to a Consortium Discipline Alternative Program shall also comply with the provisions of **14 Del.C. §504A(8)**.

7.2 Responsibilities for Student Referral Which May Lead to Alternative program Placement

7.2.1 When it is alleged that a student committed a violation of the Student Code of Conduct and may be subject to a recommendation for Alternative Placement, the following procedures shall occur:

7.2.1.1 The Principal shall conduct a preliminary investigation pursuant to Section 3.0 of this regulation to determine if there is reasonable basis to pursue Disciplinary Action.

7.2.1.2 If the preliminary investigation verifies that Disciplinary Action may be warranted, initial due process procedures outlined in Section 4.0 of this regulation shall be followed.

7.2.1.3 After the student has been afforded initial due process procedures and if the Principal decides that Disciplinary Action will be taken, the student and Parent shall be notified.

7.2.1.4 The Principal may impose a Short-term Suspension. If the student is suspended, the student and the Parent shall be provided a copy of a Suspension form that includes a written notice of the Student Code of Conduct violation(s).

The Alternative Placement Packet may also include other relevant information at the discretion of the Principal.

7.2.1.5.1 Schools/charters which utilize a site-based School Discipline Committee may have the committee meet to discuss the incident and make a recommendation to the Principal for the student to remain in the current school setting, or for referral to an Alternative Program.

7.2.1.6 A charter school Principal shall verify that the Alternative Placement referral meets the conditions set forth in 14 Del.C. §504A(8).

7.2.1.7 For all referrals for Alternative Placement for a general education or special education student, the Principal shall hold a Building Level Conference with the Parent and the student.

7.2.1.7.1 The Principal shall explain to the Parent and the student the purpose of the meeting is to inform them: 1) of the referral of Alternative Placement; 2) that the student may be suspended pending the outcome of the district/charter school Alternative Placement Team Meeting and; 3) of the procedures that will take place as follow-up to the referral for Alternative Placement.

7.2.1.7.2 The conference shall be held by phone or in person.

7.2.1.7.3 The Principal shall have at least one other person present to take notes during the conference or shall have the conference audio recorded.

7.2.1.8 Notice of the Alternative Placement Meeting shall be mailed to the Parent and the student via regular U.S. and certified mail at least five business days before the meeting to occur.

7.3 Alternative Placement Meeting for Districts/Charter Schools

7.3.1 A district/charter school Alternative Placement Meeting shall take place to determine if an alternative setting is appropriate for a referred student.

7.3.1.1 The Parent and student shall receive verbal and written notification of the district/charter school's Alternative Placement Meeting. Parents and student may, but are not required to, attend the meeting.

7.3.1.2 The Parent and student shall be informed of the district/charter school Alternative Placement Team's decision for placement within one (1) business day of the meeting.

7.3.1.2.1 If the decision is to assign to an Alternative Placement, the Superintendent shall send follow-up written notice within three (3) business days to the Parent describing the circumstances which led to the placement, identifying the Alternative Program to which the student is being assigned, and the conditions which must be met in order for the student to return to the Regular School Program.

7.4 Student Assignment to an Alternative Program

7.4.1 The district/charter school representative shall contact the selecte4d Alternative Program to set up a date and time for an Intake Meeting.

7.4.1.1 The Intake Meeting shall not occur unless all required participants are present, unless excused by the Superintendent, and documentation from the Alternative Placement Packet is provided.

7.4.1.1.1 Participants required to be present at the Intake Meeting include, but are not limited to, the student, the Parent, a district/charter school representative, the Alternative Program administrator, and other appropriate Alternative Program staff.

7.4.1.2 A student assigned to a Consortium Discipline Alternative Program must be registered in a district/charter school before the Intake Meeting is held.

A student placed in a Consortium Discipline Alternative Program shall have both an "active" and "service" status designation in DELSIS.

BUS TRANSPORTATION

The bus is an extension of the school day. The Student Code of Conduct remains in effect any time a student

is on a school bus, including but not limited to the assigned bus to and from the school, activity buses, sports buses, and field trip buses.

Bus Privilege

Riding the school bus is a privilege for each student. If the following rules and regulations are not followed, the student may no longer be given the opportunity or privilege to ride the bus. If this privilege to ride a bus is suspended or revoked, the parent(s) will be responsible for transporting their child to and from school.

School Bus Safety Rules

During grades PreK–3 the Bus Safety Rules are presented to all students in the Red Clay Consolidated School District, including walkers. The purpose of these presentations is to ensure students are aware of the bus safety rules, safe procedures while entering and exiting the school bus, and safe street crossing techniques, etc.

1. Listen to the bus driver/bus aid and follow directions.
2. Stay seated (back-to-back, bottom-to-bottom, book bag on your lap).
3. No eating or drinking.
4. No fighting. Keep your hands and feet to yourself. No horseplay.
5. All body parts belong inside the bus (e.g., hands, head, hair, feet).
6. Talk quietly. No shouting, screaming or loud noises.
7. Do not throw objects inside, outside or around the bus. Keep everything inside your book bag.
8. Do not touch emergency equipment (e.g., back and side doors, windows, roof hatches, first aid and body fluid kits, two-way radios).

Along with the School Bus Safety Rules, the following regulations will assist with safety, prompt arrivals and departures of buses and promoting positive attitudes on the part of students. Violations of these regulations may result in disciplinary actions.

Students must ride their assigned bus to and from their assigned stop. Switching buses for any reason is strictly prohibited.

1. Students are not to leave the bus without the driver's permission, except on arrival at their regular bus stop or at school.
2. Students should help keep the bus clean, sanitary and orderly. They must not damage or destroy bus seats or equipment.
3. The bus windows should not be opened without permission from the driver.
4. Students are not permitted to smoke while on the bus.
5. Students are not to use abusive language, profanity, obscene gestures, or spit on the bus.
6. Students may not bring large musical instruments, live animals, balloons, glass containers, skateboards, or large school projects onto the bus.
7. Athletic equipment brought on the bus must fit between the student's legs and not be placed on the seat or in the aisle. Care and safety when transporting sports equipment should be considered a priority. Students misusing the equipment or allowing another student to misuse the equipment while on the bus will result in losing the privilege to transport the equipment on the bus. Whenever possible, the athletic equipment should be in appropriate equipment bags to avoid sharp edges being exposed to students.

8. Students are to enter the bus, immediately take their seats, and remain seated until the bus comes to a complete stop.
9. Students are to conduct themselves while on the bus in such a way that will not distract the driver. Distracting the driver puts everyone at risk.
10. Students with high school issued parking passes will be ineligible for bus transportation.

Cell Phone Use on School Buses

Cell phone use on a school bus is disruptive and a distraction to the driver which may create a safety issue for the driver and students. During the bus ride, students must turn cell phones off and secure them out of sight.

Surveillance on School Buses

School buses, both district owned and contracted buses, may have surveillance cameras which include audio and video capability. These tapes and/or hard drives may be used in disciplinary procedures.

Safety Procedures for Boarding and Exiting the Bus

1. Students should never stand or play in the street while waiting for the bus.
2. If crossing a street to board the bus, students must look both right and left for cars, wait for the driver's signal to cross, and make sure the red lights are flashing. Always cross the street in front of the bus. Before boarding and exiting the bus, students must keep a safe distance from the bus.
3. Students should enter the bus without crowding or pushing.
4. Do not stand in the danger zones of a school bus (minimum of 10 feet all around the bus).

Meeting Students at Assigned Bus Stops

The Red Clay Consolidated School District requires a parent/guardian or designees to meet their child at their assigned bus stop each and every day for the following groups of students:

1. All kindergarten students
2. All students under 5 years of age
3. Students who have special needs and requires adult assistance (Noted in student's IEP)

Failure of a parent/guardian or designee to meet their child as identified above at their assigned bus stop will result in the following action:

1. Transportation will contact the student's school and report that no one is at the bus stop to receive the child.
2. Transportation will return the student to school. The parent will be responsible for picking the child up at the school. At this time, the parent will receive a letter from the school administrator reminding them of the district's policy.
3. Subsequent Offenses: Parent will receive a warning indicating additional offenses may result in termination of transportation.
4. Repeated Offenses: May result in temporary or permanent loss of transportation services, along with a referral to the Division of Family Services.

Bus Change

Bus transportation cannot be viewed as a taxi and/or shuttle service. Below are guidelines for bus changes:

1. Bus routes and assignments can **ONLY** be changed by the Transportation Department.
2. Once the school makes address and/or day care changes, transportation will assign a bus stop in accordance within Red Clay Consolidated School District policy and procedures and adjust the bus route within 48 hours.
3. The Transportation Office will not give permission for a student to ride a different bus, except in emergencies.
4. Changing bus assignments for social events, school projects, parental vacations, getting to a work location, visiting another student, or allowing multiple drop-off locations for different days are not acceptable reasons.

The administration of the school and district are placed in an indefensible position regarding liability and insurance when students ride a bus without their name being on the bus roster.

Bus Privileges and Parking Passes

The Red Clay Consolidated School District enforces Title 14, 4115 of the Delaware Code. This section addresses students who choose to drive to school and receive parking passes from their respective high schools.

1. A student receiving a parking pass from their high school will be ineligible to ride the school bus for the school year. Exceptions will only be granted for emergencies and only with permission from the Red Clay Consolidated School District Office of Transportation. Cars needing repairs will not be considered an emergency.
2. Students and parents will need to sign the parking permit stating that they have read and understand the district policy and return the permit to the high school administration.
3. A copy of the signed permit form will be sent to the transportation office. The student will be removed from the bus roster.

Bus Behavior Contracts

When a student accumulates repeated bus referrals and/or three (3) bus suspensions, the student may be placed on a bus behavior contract. Subsequent bus referrals may result in extended bus suspensions.

Grades PreK–12: 5-day suspension, 10-day suspension, 30-day suspension, and permanent denial of bus privileges.

Denial of Bus Privileges

Denial of bus privileges is either a temporary or permanent removal of the opportunity to ride the school bus. In all cases of denial of bus privileges, an attempt shall be made to notify the parents by telephone, with a written notification of the denial sent to the parents within twenty-four (24) hours. Denial of bus privileges shall not be used as a disciplinary action for non-bus related violations.

During the denial of bus privileges, it shall be the parents' responsibility to provide the student's transportation to and from school. Denial of bus privileges includes both the regularly assigned bus and

activity buses. Should the student be absent during the bus suspension, the responsibility for initiating the make-up work and turning in assignments rests with the student.

Prior to the denial of bus privileges, the student shall:

1. Be given oral or written notice of the charges and be told who is making these charges or complaints.
2. Be given a fair and impartial hearing and have the opportunity to present the student's side of the story.
3. Have had prior opportunity to know that the misbehavior was in violation of established rules and regulations.
4. Be advised that denial of bus privileges may be appealed to the next high authority.

Bus Route Problems

Problems concerning bus routes and bus arrival times should be referred to the Red Clay Consolidated School District Office of Transportation at 302.322.0251.

CHAPTER V. DRUG AND ALCOHOL POLICY

The following policy was adopted by the Red Clay Consolidated School District School Board of Education on March 20, 1991.

Preface

It is the responsibility of the Red Clay Consolidated School District Board of Education to provide through its facilities, resources, and staff an educational climate conducive to learning and individual development.

Through the use of a revised curriculum, classroom activities, community support and resources, a strong and consistent administrative and faculty effort, and rehabilitative and disciplinary procedures, the Red Clay Consolidated School District will work to educate, prevent, and intervene in the use and abuse of all drug/alcohol and mind-altering substances by the entire student population.

Policy

Since possession, distribution, and consumption of alcohol or illegal drugs is in violation of certain state and federal statutes, the State Board of Education Policy on the Possession, Use, or Distribution of Drugs and Alcohol, as well as the Red Clay Consolidated School District Student Code of Conduct, the Red Clay Consolidated School District Board of Education hereby declares that such illegal possession, distribution, or consumption have no relationship to the rightful and legal pursuit of educational opportunities, nor to a positive and wholesome climate for learning. In addition, possession, use, and/or distribution of prescribed medications can also, under certain circumstances, be a violation of the Student Code of Conduct.

Medications: Prescription medications should not be in the possession of any student at school. If a student is required to take a prescription medication at school, it should be brought to (and taken from) the school nurse by a parent or guardian and left with the school nurse. If a student is found to be in possession of a medicine prescribed to that student and in its original labeled container the following steps will be taken:

1. The parent will be contacted.
2. The student will receive a written warning requiring the parent's signature.
3. The medication will be confiscated and given to the school nurse.
4. Second and subsequent violations of this medication policy will be treated as Defiance of School Authority.

The possession of a prescription medication that is either not prescribed to the student who possesses it or is not in its original, labeled container may be treated exactly like the possession of an illegal drug (see *Definitions of Terms for Drug and Alcohol Violations*).

The following policy and administrative guidelines on the possession, use, or distribution of drugs/alcohol shall apply to all Red Clay Consolidated School District students.

The possession, use, and/or distribution of alcohol, a drug, a drug-like substance, a look-alike substance and/or drug paraphernalia are harmful to students and are prohibited within the school environment.

Communication devices, such as but not limited to, mobile telephones and electronic beepers, ordinarily have no place in the school environment. The unauthorized possession of such communication devices is prohibited. Communication devices are to be confiscated by the administration. If the devices are involved in a criminal act, they are to be turned over to the appropriate police agency. If not involved in a criminal act, the communication devices may be returned to the parent or guardian of the student.

Student lockers are the property of the school and may be subjected to search at any time with or without reasonable suspicion. Personal possessions, such as coats, purses, book bags, etc., may also be subjected to search with reasonable cause.

Student motor vehicle use to and in the school environment is a privilege that may be extended to students in exchange for their cooperation in the maintenance of a safe school atmosphere. Reasonable suspicion of a student's use, possession, or distribution of alcohol, a drug, a drug-like substance, a look-alike substance or drug paraphernalia, or of a student's possession of an unauthorized electronic beeper or other communication device in the school environment, may result in the student being asked to open an automobile in the school environment to permit school authorities to look for such items. Failure to open any part of the motor vehicle on the request of school authorities may result in the police being called to conduct a search, and will result in loss of privilege to bring the vehicle on campus.

Students of majority age (i.e., 18 years or older) are responsible for their actions. All such students will be treated as adults for purposes of reporting violations of this policy and of the law to police. Such students shall also be on notice that their parents/or guardians will be notified (if their address and/or telephone number is known to the school) of the student's actions in accordance with this policy.

All alcohol, drugs, drug-like substances, look-alike substances, and/or drug paraphernalia found in a student's possession shall be turned over to the principal or designee, and be made available in the case of a medical emergency, for identification.

All substances shall be sealed and documented, and in the case of substances covered by Del. Code, Ch. 47, turned over to the police as potential evidence. A request for analysis shall be made where appropriate.

CHAPTER VI. VIOLATIONS OF THE STUDENT CODE OF CONDUCT

The Student Code of Conduct defines specific acts that are considered violations of expected student behavior. School rules come from many sources including State Law, Red Clay Consolidated School District Board of Education Policy, and Red Clay Consolidated School District Guidelines and Regulations. These violations are examples of those acts that disrupt the school environment and the instructional process.

The aim of this chapter is to provide school personnel, parents, students, and the community with a clear understanding of these violations and the resulting disciplinary actions. The list is not all-inclusive and a student committing an act of misconduct not listed will still be subject to the authority of the principal.

A major consideration of the Student Code of Conduct is to identify appropriate disciplinary actions to bring about positive student behavior. The severity and frequency of the misbehavior are considered in defining appropriate disciplinary action. While administrative personnel bear the major responsibility for effectively carrying out the discipline policies, the total staff plays a vital role in resolving problems influencing student behavior.

The following section lists and define violations and disciplinary actions. For all offenses specific disciplinary actions are required. However, the Student Code of Conduct permits selection from the list of additional strategies depending on the severity or frequency of the violation. Additional consequences/discipline are only examples and other consequences/discipline may also be imposed.

The principal or designee shall conduct such an investigation as is reasonable under the circumstances to confirm that the charged offense has in fact been committed.

MULTIPLE SUSPENSIONS

Upon the third suspension within one school year, the student may be placed on a behavioral contract. Upon the fourth suspension within a school year, a principal may refer a case to the Superintendent or designee for further action, including possible recommendation to the Red Clay Consolidated School District Board of Education for Due Process to Determine Appropriate Disciplinary Action. Furthermore, if two or more of the suspensions qualify as state mandatory reporting of Student Conduct offenses, a principal must refer a case to the Superintendent or designee for further action, including possible recommendation for Due Process to Determine Appropriate Disciplinary Action.
