

## Dickinson MYP Summer Work 2020

While we are not requiring any summer work, the information below will serve your students as a wonderful way to stay engaged and active until school begins in late August. For more detailed summer work, please visit the district website. The Curriculum and Instruction Department has put together multiple resources for each grade level. That link is:

### FRENCH

- Creating/maintaining a Duolingo and/or Babbel account is the best route for free resources. Also, for our incoming 7th & 8th graders, they can continue to increase their vocabulary knowledge by using their [www.thisislanguages.com](http://www.thisislanguages.com) nutty tilez account.

A message from Ms. Morano:

As you know, this has been a very tough time. We are still in the midst of a world-wide pandemic, which continues to heavily impact our daily lives. We are also coming to a crossroads as a country as we deal with the aftermath of the killing of George Floyd and the longstanding racial injustice affecting so many for so long. Your child may have a number of emotions about all of this. I know we are off for the summer, but I am here to listen if your child wants to talk. I am just an email away! I do check my email regularly throughout the summer. [valerie.morano@redclay.k12.de.us](mailto:valerie.morano@redclay.k12.de.us)

I also wanted to include a number of additional resources for you in case you need them. If your child is in need of any mental health help this summer, here are some resources .
